Advance Chip Level Training

IOGT

KOLKATA'S FIRST PRACTICAL BASED TRAINING INSTITUTE

IOGT Kolkata's First practical based training Institute was founded by a group of Industry Experienced Professionals. Today IT industry has an utmost demand for aptly skilled Chiplevel professionals through out the world. IOGT has already extended its hands towards the perfection of the ever growing demand of making the students to have the right to get a job and business. These professionals are considered to be an integral part of building and maintaining any IT infrastructure for the benefit of its users at large. We believe that if you are destined to be a part of this dynamic world you must be a IOGT Certified Professional to make your dream a reality.

Chip Level Training is the training program in which an individual is trained over the circuit board of laptops, desktop motherboards, printer, mobile, MacBook, and iPhone. This training provides the knowledge of the hardware ic or component repairing & maintenance of the motherboards. To attend chip level training one has to be confident in analog & digital electronics.

Chiplevel is not only include the Laptop & Desktop Motherboard, MacBook, Mobile and iPhone, it is also included Printer Board, Monitor, and Hard Disk Data Recovery also. In today's Service sector Chiplevel repairing is a vital role as warranty is applicable instead of guaranty on new products. This Chiplevel training is a practical based training where use of Repairing & Fault finding tools have played an important role.

Founder's Message

Excellence is never an accident; it's always the result of high intention, sincere efforts, intelligent direction and skillful execution.

- Santanu Ray

Our Vision

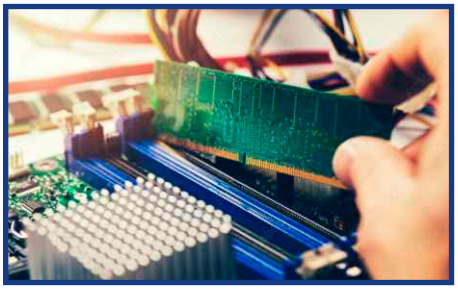

To bloom into a Complete Chiplevel Training Institute of its kind in not only Kolkata but the rest of India. Our vision is to help students manifest their perfection already in them.

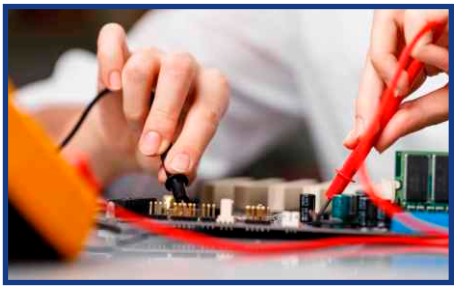

"Education is the manifestation of perfection already in man."

Our vision is also to flourish and position IOGT a Result oriented, Cost effective and Dedicated towards quality training provider. We promise to provide

- *iPhone and MacBook chiplevel training*
- *100% Practical Training*
- *Hands on Working Environment*
- *Training by Qualified Faculties who are also involved in the realm of Servicing Vendor Products.*
- *Periodic Evaluation.*
- *Industrial Training at the end of each module. This is unique as compared to other Institutes.*
- *Service centre training*
- *100% Placement to the Industry Oriented Certificate Courses. However, we will also assist students who are not enrolled to our job oriented courses, till they get a job.*

Our Mission

IOGT is biased towards the faith of Quality Teaching and Learning support. Whatever we say we fulfill that.

Remembering the famous quote:

"An unemployed existence is a negation worse than death itself because to live means to have something definite to do . . . a mission to fulfill . . .
and in the measure in which we avoid setting our life to something, we make it empty . . . Human life, by its very nature, has to be dedicated to something."

Placement

The Placement Cell of IOGT continuously works around the year to help its students get the best possible corporate exposure. The Placement Cell acts as an interface between the students and the industry. An impressive array of companies comes to IOGT each year for interviewing and selecting students for Permanent placements as well as Summer Internships.

What is Placement?

1. Placement is a process of assigning a specific job to each of the selected candidates.
2. An actual posting of an employee to the specific job with rank & responsibilities attached to it.
3. It involves assigning a specific rank and responsibility to an individual.
4. It implies matching the requirements of a job with the qualifications of candidate's skills, abilities, potentials, capacities and their expectation towards the organization.
5. We encourage industry to actively consider our students for appropriate positions. The talent acquisition at IOGT is done through the following process:

Identifying opportunities in your organization

IOGT placement brochure detailing the programme structure and its attributes, along with student profiles (according to the specialization) and other details is delivered to organizations to give them an insight about the institute, its programmes and the students. The placement brochure is also available on the Institute Website. The Placement Cell contacts the organizations to find out their campus recruitment plan for final and summer placement for the year. Alternately the organizations can intimate the Placement Cell about the available opportunities through email or phone.

Pre-Placement Talk

The Pre-Placement Talk/Company Presentation is an opportunity for the students and the organization to interact with each other, to clearly understand the job requirements, company expectations and job profiles offered. The organizations are required to conduct a Pre placement talk before starting with the selection process. Time and date for the pre placement talk can be decided upon a mutually convenient basis. The organization is requested to give a pre-placement talk covering the following aspects:

A. Overview of the company and its operations
B. Detailed Job Description
C. Skill set required/looking for in a candidate
D. Nature & period of training/probation, if any
E. Compensation package offered
F. Selection procedure to be adopted Final Recruitment

The date of campus visit / recruitment is finalized in consultation with the respective organization. The students who have a best fit based on the skill set requirements of the company, and those who are interested in applying to the organization are identified and their detailed resumes are forwarded to the companies for further processing. Companies may also invite CVs of interested and short-listed students on the basis of their profiles before coming on campus. The final interviews are held at IOGT campus or at the company location as the case may be.

Business Options

A. Taking Annual Maintenance Contract for Desktop & Laptop.
B. Assembling of Computers

TERMS & CONDITIONS

1. An admission to a course is not transferable to any other individual.
2. A student if remains absent for more than two weeks without prior written information and interested to continue with the institution, have to take re-admission in the institute by paying Rs.1000/- as readmission fees. If the absent continues more than 3 months then the student will have to take fresh admission by paying the admission fees or the amount as may be applicable
3. Installment fees must be paid on or before the due date of calendar month. In case the students fails to pay in time, a penalty of Rs. 20/- per day must be paid along with the fee and the student may also be debarred from attending the class if he / she does not remit the fee on the 15th day of the said month. If the grace period ends on a holiday, all payment must be paid by the previous working day.
4. installment fees have to be paid in ADVANCE by all candidates for the month(s). This is COMPULSARY, failing which the candidates registration will be cancelled.
5. identity Cards are issued to the students on registration. A student will not be allowed to appear for any examination if he /she is unable to produce his/her identity card.
6. In case of a loss of an identity card, a duplicate identity card shall be issued on request by a written application against a payment of Rs.50/-.
7. Any upgrade made in the course is binding on all the students. NO COURSE DEGRADATION will be allowed at any point of time.
8. A student has to score 50% marks in each module. A student gets only 2 additional chances of re-examination by paying Re-examination fees of Rs .50/-.
9. Any student once qualified in the exams cannot appear for the second time for that particular topic/ module. However if the candidate wants to appear for the second time to improve his marks can do so by requesting the centre to unblock his/her name & to allow him to reappear by paying Rs. 50/- as re-examination fee. The last marks will be the final evaluation & he/she will not be allowed to sit for the third time even if he/she fails the second chance. Upgradation Exam is totally at the risk of the candidate because in case if he/she fails in a subject then he/she will not be qualifying to receive the IOGT Certificate.
10. In case of absence a student is allowed to appear for the examination by paying an absent fees of Rs. 200/-, if a student is found using unfair means during the exam then his/her registration will be permanently cancelled or a penalty of Rs.300/- will be levied on him/her.
11. Students will not be awarded any Certificate unless any amount lying due on account is cleared.
12. Course fees once paid will **not be refundable** under any circumstances.
13. IOGT reserves the right of admission and right to change the day and time of the class.
14. IOGT reserves the right to change location with prior information.
15. An admission to a specific course cannot be converted into an admission for any other course except through course upgradation.
16. The candidates shall comply with the rules as set from time to time by the management.
17. I hereby authorised IOGT to send me information through sms/ whatsapp / mail.
18. Industrial Training will be applicable for those students who had taken admission in Career Course, the duration of Industrial Training is depending of the student efficiency.
19. Any student seeking transfer to another centre must submit an application to his/her centre. That forwarded application should be confirmed by HO ADMIN. Transfer Fees Rs.2000/- which will be paid by the student to the centre from where he/she is seeking transfer.
20. **JOB assistance Clauses**

i. Students should pass each module with attendance of 90%.
ii. Age limit will be within 30years on the date of admission.
iii. All fees should be cleared and students should complete all the classes of Internal Industrial Training(Mandatory Training) before going for a Job.

21. After completion of course or module , students should complete the exam procedure within 1 month , otherwise no exam or certificate will be provided in the future.
22. Students should collect their certificates within 3 months of exam completion, otherwise IOGT will not take any responsibilities any more regarding certificates.
